March, 2012

Dear Parents and Students:

Trumbull is very proud of the quality of its Summer Explorations Program. Three key areas of focus are emphasized: accelerating academic progress; providing enrichment and sport opportunities; and offering student review/remediation programs.

To insure the success of Summer Explorations, we encourage students and parents to work with and support all school staff in meeting our program objectives. For it is only through our joint efforts in pursuing our common goals that increased student expectations will be achieved. We encourage you to take advantage of the opportunities available to your children. With your assistance and reinforcement, in conjunction with the skills and expertise of our staff, we are confident you will be impressed with the resultant accomplishments.

If you have any questions, please do not hesitate to contact any member of the Summer Explorations staff.

Sincerely,

Ralph M. Iassogna

Walk In

At the Continuing Education Office located in Trumbull High School

Call for an appointment.

TRUMBULL LOVES CHILDREN

Trumbull Loves Children will run a half day camp "Afternoon Explorers" from 12:00 Noon to 6:00PM at the Frenchtown site for those children who will need care after the Summer Explorations program. For further information on TLC, call 203-452-9626

SPECIAL EDUCATION

Grs. Pre-School - 12

Special education programs are provided in accordance with the child's need for an "Extended School Year" (ESY), as specified in his or her Individualized Education Program (IEP). When so designated in the IEP, the child will be enrolled in appropriate programs at no cost to the parents. For further details, contact your building Pupil Services Representative or call PPS Office at 203-452-4352.

EARLY CHILDHOOD

EL00 PRE-SCHOOL

Ages 3 - 4

Are you looking for enrichment activities for your preschool aged child? Come join us for fun filled activities centered around animal themes; farm animals, zoo animals, ocean animals and family pets. "Hands on" activities, arts and crafts projects, and more will foster developmentally appropriate skills in all domains - intellectual, social, emotional, and physical.

July 2 - July 27

9:00 - 12:00 NOON

\$475

Location: TECEC
Middlebrooks Ave.

EL01 PRE-KINDERGARTEN - READY, SET, GO!

Children excited about those first steps into kindergarten will gradually ease into a school setting in this class. Intellectual, physical, and socio-emotional growth are emphasized through "hands-on" activities. Each child will be encouraged to explore their own talents through music, art, movement, language expression, and other interdisciplinary areas.

Students must be enrolled to start Kindergarten in September 2012.

July 2 - July 27

8:30 - 12:00 NOON

\$525

Location: Frenchtown School

EL02 POST-KINDERGARTEN- UP, UP AND AWAY!

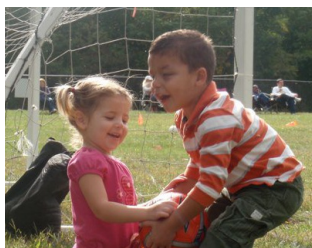

Children who have completed kindergarten and would benefit from activities that strengthen their skill socially and intellectually are encouraged to enroll. Phonological awareness, letter recognition, letter sounds, and letter formation will be emphasized. The summer school teacher will provide follow-up on recommendations from the child's previous teacher.

July 2 - July 27

8:30 - 12:00 NOON

\$525

Location: Frenchtown School

HIGH SCHOOL ACADEMICS

MAKE UP courses are for students who have taken a course and have not completed it successfully. Credit will be given to students who previously failed the course during the regular school year. Credit will not be given when the course is audited.

Classes run - 7:45AM - 10:00AM or 10:15AM - 12:30PM

FULL Credit courses run July 2 - August 3. HALF Credit courses run July 2 - July 18.

Location: Madison Middle School

S.A.T

Grs. 11 - 12

These courses will prepare students for the new version of the S.A.T. English and Math.

S.A.T. ENGLISH

Instructor: Hope Spalla

This course prepares students for the verbal section of the S.A.T. Included are tactics for doing sentence completion, grammar, usage, critical reading questions and emphasis on building vocabulary. Students will also learn how to write a well-developed essay which is a component of the new S.A.T.

S.A.T. MATH

Instructor: Brian Smith

This course will prepare students for the new mathematics section of the S.A.T. Not only will students be given an initial assessment, but the course will focus on strategies and techniques to succeed with the new version. Students will also be exposed to practice problems, all in an effort to improve each students' confidence and score.

SAT01 July 16 - July 20

7:45AM - 12:30PM

\$500

Location: Madison Middle School

BASEBALL**Grs. 4 - 8***Instructor: Phil Pacelli, Buddy Bray*

The objective of the Camp is to teach and develop skills and knowledge of the game as well as to stress sportsmanship. The school features three fields, new equipment, pitching machines, helmets, and batting cages. Each camper will receive a T-shirt.

BASE1 July 16 - July 20 8:30AM - 12:30PM \$150**BASE2 July 23 - July 27****Location: Trumbull High School Field**

WRESTLING**Grs. 4 - 12***Instructor: Charlie Anderson*

Ever wonder what makes some of the states wrestling teams so good year in and year out? This camp will answer those questions. Each day we will bring in a coach from one of the top wrestling programs in Connecticut. They will discuss their philosophy of training, wrestling, and show some of their signature techniques. Want to get better? Learn from the best.

WREST1 July 16 - July 20 8:30AM - 3:00PM \$175**WREST2 July 16 - July 20 8:30AM - 11:30AM \$95****Location: Madison Middle School**

GIRLS BASKETBALL**Grs. 1 - 9***Instructor: Steve Tobitsch*

This camp will help players of all ages and abilities learn about the great game of basketball and develop fundamental basketball skills. Campers will build skills through basketball stations, lectures, games, and a variety of competitions and basketball contests.

Dates: July 23 - July 27**GIRL01 Grades 1 - 5 8:30AM - 11:30AM \$120****GIRL02 Grades 6 - 9 12:00PM - 3:00PM \$120****Location: Madison Middle School**

FIELD HOCKEY**Grs. 5 - 9***Instructor: Christie Kania*

The camp will be instructed by members of the Trumbull High School field hockey coaching staff. The objective of the camp is to teach and develop basic skills and knowledge of the game as well as to stress sportsmanship and teamwork. Players will need to provide their own equipment (sticks, shin guards, mouth guard).

FIELD H July 30 - August 3 8:30AM - 12:00 Noon \$135**Location: Trumbull High School Field**

VOLLEYBALL**Grs. 7 - 12***Instructor: Nelson Kwok, Tamara D'Eberr*

This camp is an organized program for boys and girls from beginner to advanced players. Campers will learn the basic fundamental skills of volleyball. Athletes will learn how to pass, set, spike, dig and serve. Progressive drills and mini-games will be used to help give athletes a good understanding of volleyball.

Dates: July 30 - August 3**VOL01 Grades 7 - 9 9:30AM - 11:30AM \$145****VOL02 Grades 10 - 12 12:00PM - 3:00PM \$175****Location: Madison Middle School**

ELEMENTARY

July 2 - July 27**8:30AM - 12:00 Noon****FRENCHTOWN ELEMENTARY SCHOOL
Tuition is \$525 for the entire program.****CHOOSE ONE COURSE FROM THIS SECTION
8:30AM - 10:00AM**

EL03 FLIGHTS AND ROCKETS**Grs. K - 1**

Building projects may include paper airplanes, balloon cars, stomp rockets, water rockets and more. These hands-on projects provide students with opportunities to experiment with the basics of aeronautics such as thrust and drag, lift and weight. They will have a BLAST!

Lab Fee: \$30.00

EL04 DINOSAURIUM**Grs. K - 2**

Go back in time when dinosaurs roamed the earth and ruled the world. You will learn where they dinosaurs each roamed, what they ate, how they protected themselves and much more. You will do this by learning about a dinosaur for each letter of the alphabet. You will create an ABC Dinosaur Scrapbook and Reference Guide for each dinosaur you learned about throughout the summer. Each day you will make a craft and do many hands on activities.

EL05 ART ADVENTURES**Grs. K - 2**

A variety of arts and crafts will be explored including different media. Students will have the opportunity to complete several hands on projects such as drawing, painting, and sculpture. A fun way to explore different media!

Lab fee: \$25.00**EL06 FARMING FOR FUN****Grs. K - 5**

Experience the animals and their care by spending time at the Agriscience Farm at Trumbull High School. NOTE: **Children in the 8:30 session must be dropped off by parents at the farm and will be transported by bus back to Frenchtown for their 2nd session.**

EL07 CREATIVE COOKING**Grs. K - 5**

The best part of this course is eating the results! Children experience a variety of regional and international dishes, along with theme days created by the students. The students learn how to cook simple meals, clean up, read ingredients, measure liquid ingredients and enjoy literature related to what they are cooking.

Lab fee: \$25.00

EL08 SHARPEN YOUR SKILLS**Grs. 1 - 2**

Get ready for the school year ahead. Review skills from grade completed to prepare for the beginning of the next school year. Children will explore the areas of math, reading, and writing. We'll read, practice phonics, do journal writing, listen to read alouds, and use math manipulatives to enhance the learning. Come on along and join the fun!

EL09 FRIENDSHIP**Grs. 2 - 3**

Friendship skills are a fundamental part of healthy childhood development. Children with good friendship skills also possess a positive sense of self, understanding of emotions, respect and empathy for others, social awareness, and social problem solving skills. In this class, your child will engage in self-exploration of strengths and talents, learn about emotions, recognize how others have different perspectives, learn the qualities of a good friend, how to handle social conflicts through fun, creative games and activities.

EL10 PET CARE**Grs. 2 - 5**

Do you have a part in taking care of your pet? Are you thinking of getting a pet? Learn more about all kinds of pets and how to take care of them. Read stories about different types of pets and create a book on caring for more than 10 different types of pets! Different pets are often in the class, so children with allergies may want to avoid this course.

EL11 BASICS OF TELEVISION BROADCASTING**Grs. 3 - 5**

Learn how Television of News Broadcasts are put together. Students will learn how to use video cameras, a camera mixing board, control a teleprompter, add special lighting when needed, apply music for effect, and the use of multimedia presentations in producing a 30 -45minute television broadcast. Students will then broadcast this production to all students attending Summer Explorations at Frenchtown.

Lab fee: \$10.00

EL12 YOUNG SCIENTISTS**Grs. 3 - 5**

Discover the fascinating world of science! This class will focus on sound and light, properties and uses of different materials, the water cycle, rocks, minerals, electricity and magnets. Students will be conducting exciting "hands-on" experiments related to each topic. Each student will keep a journal to record all discoveries made during the course. (All topics are relevant to state standards for Grs. 3-5)

EL13 JUNIOR ROBOTICS**Grs. 3 - 5**

This is an introduction to Lego® engineering and robotics which uses the STEM approach to enhance and foster learning through Science, Technology, Engineering and Mathematics. The class explores construction techniques and accelerates fun into high speed as the children build RCX robots and use computer software to program the robots.

Lab fee: \$25.00

SPORT CAMPS

BOYS BASKETBALL**Grs. 1 - 9***Instructor: Coach Buddy Bray*

The objective of the Camp is to teach and develop skills and knowledge of the game. Games will be played daily.

Dates: June 25 - June 29**BALL01 Grs. 1 - 4 8:30AM - 11:30AM \$120****BALL02 Grs. 5 - 9 12:00 Noon - 3:00PM \$120****Dates: July 2 - July 6****BALL03 Grs. 1 - 4 8:30AM - 11:30AM \$100****BALL04 Grs. 5 - 9 12:00 Noon - 3:00PM \$100****Dates: July 9 - July 13****BALL05 Grs. 1 - 4 8:30AM - 11:30AM \$120****BALL06 Grs. 5 - 9 12:00 Noon - 3:00PM \$120****Location: Madison Middle School**

"CELEBRATING 25 YEARS"
All registrants will receive a 25th Year Celebration T-shirt!! Any camper signing up for two weeks will receive a basketball! Please arrive 15 minutes early to register. Please join Coach Bray and staff on June 28, 2012 for a special celebration!!

LACROSSE - PREMIER PLAYERS**Grs. 2 - 12**

This boys and girls camp is directed by Jeff Goldberg head coach at Saint Andrews School in Boca Raton, Florida in cooperation with head coach of Trumbull High School, Scott Zinser. Techniques in throwing, catching, shooting, stickhandling, and dodging will be emphasized. For more information contact Mrs. Riccio at (203) 378-6311.

PREMIER June 25 - June 28 9:00AM - 3:00PM \$325**Location: Trumbull High School Field**

JULY 30 - AUGUST 3
8:30AM - 12:00 NOON

LEGO® IN MOTION

Grs 1 - 3

Calling all enthusiast builders to this program. We put fun in motion as students learn how to use wheels and axles, motors, kinetic energy and balance to create numerous contraptions which will be powered with motors and battery packs. Projects may include dragster, tractor, racecar and more. All lego lab kits used are for classroom use only.

LEGO **\$170** **Location: Madison Middle**

TOTALLY KIDS YOGA

Grs. 3 - 5

Positive, fun and engaging classes will explore poses, cooperative stories and games, breathing and relaxation exercises and lessons. This non-competitive yoga helps develop strength, flexibility, concentration and confidence. Wear comfortable clothing. Bring a yoga mat and small blanket or towel. Include drinking water and a light snack during a mini break.

YOGA **\$170** **Location: Madison Middle**

JULY 9 - JULY 27
8:30AM - 12:00 NOON

MUSIC

Grs. 3 - 10

Instructor: Tom Whitmoyer

Students are taught by certified music teachers. Instruction is offered on Strings, Woodwind, Brass, Percussion, and Guitar at the Beginner, Intermediate, and Advanced levels. The curriculum includes String Orchestra, Symphony Orchestra, Concert Band, Jazz Ensemble, and Improvisation classes. Performance opportunities include solo and small ensembles, weekly recitals, and an evening concert program at the culmination of the camp. All beginner students must obtain an instrument before the first day of camp. Experienced students will be evaluated upon arrival, and placed in ensembles according to ability. Students must attend the entire three week camp session. For additional info, please email Mr. Whitmoyer at whitmoyt@trumbullps.org.

BAND	\$375	8:00AM - 12:30PM
STRINGS	\$375	8:00AM - 12:30PM
GUITAR	\$250	9:00AM - 11:30AM

CHOOSE ONE COURSE FROM THIS SECTION 10:15AM - 12:00 NOON

EL123 FUNGINEERING

Grs. K - 2

Young budding engineers love this “hands-on, minds-on” program. Concepts of simple machine such as gears, pulleys, levers, and wheels are introduced through a series of activity-card LEGO building projects. With the use of a motor and electrical controls, the models come alive before their eyes!

Lab fee: \$25.00

EL124 SUPER SUMMER SCIENCE

Grs. K - 2

This class will focus on exploring the world using our senses and simple tools. Summer scientists will conduct “hands-on” investigations to learn about the structure and function of common organisms and objects in our lives. We will also explore the reason for seasons, and the affect of the Sun on our weather and climate. Students will keep a journal to record the many activities class. (All topics are relevant to K-2 state standards)

EL125 ANIMAL ANTICS

Grs. K - 2

Discover the wonderful world of animals. Learn about animals from all different regions around the world. Learn about their habitat and how each animal adapts to their environment. Discover the different characteristics of each animal by creating arts and crafts projects for each animal. The last week of class is "kid-choice week." Each child will be able to learn about an animal of his/her choice and create that animal in a creative arts and crafts project. This class is perfect for all animal lovers!

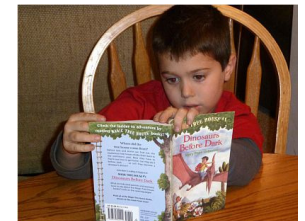

EL126 FARMING FOR FUN *Grs. K - 5*

Experience the animals and their care by spending time at the Agriscience Farm at Trumbull High School. **NOTE: Children in the 10:15 session will be transported by bus from Frenchtown and must be picked up by parents at the farm.**

EL127 SHARPEN YOUR SKILLS *Grs. 1 - 2*

Get ready for the school year ahead. Review skills from grade completed to prepare for the beginning of the next school year. Children will explore the areas of math, reading, and writing. We’ll read, practice phonics, do journal writing, listen to read alouds, and use math manipulatives to enhance the learning. Come on along and join the fun!

EL128 CREATIVE COOKING Grs. K - 5

The best part of this course is eating the results! Children experience a variety of regional and international dishes, along with theme days created by the students. The students learn how to cook simple meals, and clean up. Students learn how to read ingredients and how to measure liquid and dry ingredients and enjoy literature related to what they are cooking.

Lab fee: \$25.00

EL129 WRITE ON

Grs. 2 - 3

During the first two weeks of this class, students will learn how to improve their writing through various creative and engaging mini-lessons focusing on punctuation, colorful adjectives and strong verbs. Students will take their stories through the writing process straight to publication. The following two weeks the students will apply all they have learned about being descriptive and have fun reading, writing, and illustrating different types of poetry such as Haiku poems, Cinquain and Acrostic poems. Students will leave this class with a love for writing, poetry and a creative collection of pieces.

EL130 FLIGHTS AND ROCKETS

Grs. 2 - 5

Have fun learning about the basics of physical science and the concept of force and motion. Building projects may include paper airplanes, balloon cars, stomp rockets, water rockets and more to provide students hands-on opportunities to experiment with the basics of aeronautics such as thrust and drag, lift and weight. They will have a BLAST!

Lab Fee: \$30.00

EL131 LIGHTS, CAMERA, ACTION

Grs. 3 - 5

Students will make a movie using costumes, props, and possibly a green screen. Students will be shown how to use a video camera, along with various movie editing techniques using Final VCut Studio, Final Cut Express, and I -movie on MAC computers. All students will receive a copy of the final movie and it will be premiered to all students attending Summer Explorations at Frenchtown. **Lab fee \$10.00**

EL132 ART PALETTE

Grs. 3 - 5

This art offering for older students will focus on a particular medium each week, giving a more in depth understanding of artistic expression. Students will work with clay, paper mache, watercolor, and plaster printing.

Lab fee: \$25.00

EL133 MAKE YOUR READING SOAR

Grs. 3 - 5

This course provides academic support for reading and fosters a love of reading. Students will review reading strategies and strengthen comprehension skills such as: main idea, details, cause and effect, compare and contrast, vocabulary, drawing conclusions, and making inferences. Students will also review and reinforce written response to text.

JULY 23 - JULY 27
8:30AM - 12:00 NOON

KITCHEN CHEMISTRY

Grs. 1 - 5

You will be amazed at all of the cool science experiments that can be done using common products found in every kitchen! Students will learn about matter, atoms, chemical reactions, physical reactions, pH, and more through hands-on activities using everyday materials found around the kitchen.

KITCHEN

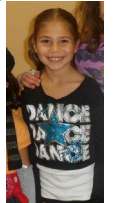

\$170

Location: Frenchtown

DANCE, DANCE, DANCE!!

Grs. 1 - 5

What do music, movement, and fun have in common? They are all an integral part of this beginner's dance camp! The dance camp will be composed of learning various dance styles including ballet, jazz, musical theatre, hip hop, and even some tap. Students will learn fun combinations and practice to perform their routine at the end of the week. Students will also learn how to stretch properly before and at the end of the dance class. No previous studio dance experience is required, only encouraged. Students should dress comfortably and bring dance shoes or sneakers.

DANCE

Location: Madison Middle

FUN WITH MARGI PALATINI BOOKS

Grs. 3 - 5

Do you love fairy tales? Do you love to laugh? Margie Palatini is an author and illustrator who loves to make you laugh while telling some new stories that star some classic fairy tale characters like Goldilocks, and the Big Bad Wolf. We'll read lots of stories by Margie and also play some fun games, do arts, crafts, and song, as well as Reader's Theater. Join us for some good times and lots of laughter as we discover this author and her works.

MARG

\$170

Location: Frenchtown

VIDEO ANIMATION GAMING

Grs. 3 - 6

Students will be using the software program 'Scratch' developed by MIT Media Institute to create animation, music videos, Pac man like video games and more. Creations from this class along with a copy of this software will be sent home so students can continue to have fun!

VIDEO

\$170

Location: Madison Middle

MYTHICAL, MONSTERS, MINOTAURS AND MUSES

Grs. 3 - 6

Are you a fan of the Percy Jackson and the Olympians series? Would you like to learn more about the gods and goddesses of Ancient Greece? Come to Trumbull's own Camp Half Blood where you will explore the Greek Mythology, research and modify monsters, design new weapons and Olympic games, and battle other demi-gods. Through a variety of activities, you will have fun learning about Percy's world and hone skills you'll need to defeat evil in our world.

MYTH

\$170

Location: Frenchtown

JULY 16 - JULY 20
8:30AM - 12:00 NOON

FANCY NANCY'S WORLD

Grs. 1 - 2

Explore, play, and party with Fancy Nancy! It's a week at Party Central as we enter Fancy Nancy's world of yummy food and drink, posh outfits, and fancy jewelry and tiaras. We'll read the spectacular (that's a fancy word for great) stories in the Fancy Nancy series. Dressing in our fanciest clothes, and having tea parties like Fancy Nancy and her friends, is just a couple of exciting things we'll do. Join in on the fun!

FANCY **\$170** **Location: Frenchtown**

GREEN THUMB 101

Grs. 1 - 5

Plants are all around us. They are used to make everything from food, to clothes, and perfume. Without plants our planet would not survive. Botany is science that deals with plants. Become a botanist for a week and learn all about the mysteries of our common plants.

GREEN **\$170** **Location: Frenchtown**

SCRAPBOOKING

Grs. 3 - 5

Memories in the making! Discover the joy of scrapbooking to capture memories and create unique family and friend albums to keep and share. You don't have to be artistic and you don't have to be a talented artist to make a scrapbook. All it takes is the desire to have a little fun and be a little creative, and you're well on your way to scrapbooking.

SCRAP **\$170** **Location: Frenchtown**

ASTRONOMY EXPLORATION

Grs. 4 - 6

This program offers exposure to, and experimentation with, astronomy related science. Concepts of related technology and the universe will be explored including rocket science, solar activities, stars, the solar system and astronomical affects.

ASTRO **\$170** **Location: Hillcrest Middle**

TECH: DIGITAL PHOTOGRAPHY

Grs. 6 - 8

If you love photography and would like to use your camera this summer, this course is for you! Students will learn how to frame photos and take more effective pictures, and use computer software to edit their art. This course will also include Microsoft Office skills as students will learn beginner Microsoft Office Word, PowerPoint, and Publisher skills, and practice integrating their photography into their original document. Students must have their own digital camera and USB cord to download pictures from camera.

TECH **\$170** **Location: Madison Middle**

READING REVIEW

Grs. 1-2

This program is for academic support which focuses on strengthening reading skills for the child who has completed first or second grade, but may need extra support and review over the summer. **Only those students presently participating in the Early Intervention Program may enroll. Recommendation must come from classroom teacher and reading specialist. NOTE: EIP students may sign up for this course only.**

HOT WHEELS PHYSICS *Grs. 1 - 5*

Use your favorite toy car to learn about the forces and motions we all experience everyday! Students will use a variety of Hot Wheels and Matchbox cars to conduct investigations of friction, speed, velocity and acceleration. All necessary equipment will be provided. You'll be amazed at what toy cars can do!

WHEELS **\$170** **Location: Frenchtown**

A 'FAIRY' COOL SUMMER *Grs. 1 - 5*

The wonderful and mystical world of fairies awaits! We will learn all about fairies through stories by Tracy Kane. Have you ever wondered where fairies live? What they like to do, wear, or eat? We'll learn how to make fairy houses and fairy gardens as we spend time in the outdoors exploring the fairy world. We'll read books, write stories, and play games that any fairy would enjoy. Imagination is "fairy" important...we hope you'll join us!

FAIRY **\$170** **Location: Frenchtown**

FRENCH FOR FUN! *Grs. 3 - 5*

A beginner's interdisciplinary course to the French language. Students will learn common phrases. They will also play games, such as "Go Fish," and practice their addition and multiplication facts while learning numbers in French. They will create pictures as they imitate paintings of famous French artists while learning the French words for colors. Lots of fun activities!

CSI (CRIME SCENE INVESTIGATION) *Grs. 3 - 6*

Have you ever wanted to see how Forensic Scientists collect and examine evidence to solve crimes? Join us as we dust for and collect fingerprints, examine blood spatter, cast footprints, and learn how investigators examine DNA. By the end of the week, you will leave with the skills needed to be a true CSI!

CSI **\$170** **Location: Frenchtown**

WEB DESIGN *Grs. 5 - 8*

If you want to learn to publish your own Web site — learn how to add content, images, navigation, links, tables, sound, pop-ups, and image maps — then this is the camp for you. Using Macromedia's Dreamweaver MX®, an industry-standard Web authoring tool, you will complete a series of guided Web design projects. At the end of the week, you'll know all the essentials and have a good start on your own cool-looking Web site.
